

## FLEXIBLE PAYMENT

PowerPlan™ offers you a choice of payment terms:

- **Balance Forward (Revolving)** — The Balance Forward account is a revolving account similar to a credit card.
  - The greater of either \$50 or 20% of your statement balance is due each month.
  - Payments are applied to the statement balance, and interest will accrue on the remaining balance.
  - Monthly activity is listed on your statement, but it is not invoice specific.
- **Open Item Billing (Pay by Invoice)** — The Pay by Invoice account allows you to see individual dealer invoice(s) that show as “Due” on your monthly statement.
  - To pay the invoices Due, you will use the remit slip included in your statement and designate the invoice number(s) and the amount you are paying for each.
  - Any unpaid invoices will show as “Past Due” on your next statement and will have accrued interest and late fees.
  - Original invoice copies are provided by your dealership.

If you have questions about your account type, refer to your statement or call John Deere Financial customer service.

## PAYMENTS AND STATEMENTS

PowerPlan statements are generated monthly. Your business will fall into one of four statement cycles (ending on the 1st, 8th, 15th, or 26th of the month), which we'll determine when your account is set up. (Your statement cycle can be changed depending on your needs.)

- Payment due date is 20 days from your PowerPlan statement date.
- Finance charges accrue if the entire balance is not paid by the due date, and a late fee will be charged if the minimum payment is not received by the due date.
- Mail payments to the following addresses:
